It took me by surprise  
When I saw you standing there  
Close enough to touch  
Breathing the same air  
You asked me how I'd been  
I guess that's when I smiled and said, just fine  
Oh, but baby I was lying

What I really meant to say  
Is I'm dying here inside  
And I miss you more each day  
There's not a night I haven't cried  
And baby here's the truth  
I'm still in love with you, yeah  
That's what I really meant to say

And as you walked away  
The echo of my words  
Cut just like a knife  
Cut so deep it hurt  
I held back the tears  
Held on to my pride and watched you go  
I wonder if you'll ever know

What I really meant to say  
Is I'm dying here inside  
And I miss you more each day  
There's not a night I haven't cried  
And baby here's the truth  
I'm still in love with you

What I really meant to say  
Is I'm really not that strong  
No matter how I try  
I'm still holding on  
And here's the honest truth  
I'm still in love with you, yeah  
That's what I really meant to say

That's what I really meant to say

That's what I really meant to say
