"Let go"

I remember brighter days
then the dark ones killed my dreams
you deprived me of my needs
dive me up and I will leave
I know you won't give up on me
you get your fun by hurting me
it seems you can't stop fooling me just let it all go
I crossed the line from joy to pain
a hundred times and back again
I'm fighting voices in my head, just let it all go
why won't you hear me?

Let me out, I'm hopeless and sinking
I'm left to choke I should have known
eyes like ice, freezing my last hopes, there's nothing left
you won't regret.
I dry the last that I've never shown you
please set me free.

Morning breaks another day
finds me drowning in my pain
I know you won't give upon me
you get your fun by hurting me
it seems you can't stop fooling me
just let it all go
I crossed the line from back from joy to pain
a hundred times and back again
I'm fighting voices in my head, just it all go
why won't you hear me?

Let me out, I'm hopeless and sinking
I'm left to choke i should have known
eyes like ice, freezing my last hopes, there's nothing left
you won't regret.
I dry that is that I've never shown you

please set me free.

Let me realize,
you always wanting more,
however hard I tried,
it's time to say goodbye.

[Diego at guitar]

Let me out, I'm hopeless and sinking
I'm left to choke i should have known
eyes like ice, freezing my last hopes, there's nothing left
you won't regret.
I dry the last that I've never shown you
please set me free.
