It's a rainy day, not a glimmer of sunshine
Everything is grey but I see you in my mind
Like a ray of light and I know I will soon be ok

I put another picture of you next to my bed
I listen to the wind blowing wind inside my bed
I dont wanna think of the distance that keeps us apart

Your always here
Love keeps you near

7 days on the road you were always my soul
destination
Every step of the way see's me taking my road back to
you (Yeah)
And as time goes by, it becomes so clear
Your are not alone, love is here

I listen to the sound of a song about sorrow
I know im gonna make it to see you tomorrow
Your the only reason I wake up to face everyday

Your always here
Love keeps you near

7 days on the road you were always my soul
destination
Every step of the way see's me taking my road back to
you (Yeah)
And as time goes by, it becomes so clear
Your are not alone, love is here (love is here)

Clouds are fading
They flew away
Sun is shining
And the sky is turning blue

7 days on the road you were always my soul
destination
Every step of the way see's me taking my road back to
you (Yeah)
And as time goes by, it becomes so clear

Your are not alone, love is here...
