There's a place out there for us.
More than just a prayer or anything we ever dreamed of.
So when you feel like givin' up cause you don't fit in down here.
Fear is crashing in, close your eyes and take my hand yeah.

We could be the kings and queens
of anything if we believe
It's written in the stars that shine above.
A world where you and I belong
where faith and love will keep us strong,
exactly who we are is just enough.
There's a place for us.

Where the water meets the sky,
when your heart is free, and all comes back to life,
when these broken hands are whole again
We'll find what we've been waiting for,
We were made for so much more.

We could be the kings and queens
of anything if we believe
It's written in the stars that shine above.
A world where you and I belong
where faith and love will keep us strong,
exactly who we are is just enough.
There's a place for us.

So although, hold on.
There's a place for us.

We could be the kings and queens
of anything if we believe
It's written in the stars that shine above.
A world where you and I belong
where faith and love will keep us strong,
exactly who we are is just enough (x2)

There's a place for us.
