I'm done with chances, I'm done with fate.
I'm done with god, I've cleaned my plate.
You won't believe things I've seen, the things I do, what
I've gone through.

So stand up and take this.
Your path is what you make it.

Don't let them choose how you should live.
And when they push, don't give an inch.
So if you want to protest, prepare to defend with
violence.

So stand up and take this.
Your path is what you make it.

It's your life, don't let them tell you how to live it.
