excommunication!

WHAT DID YOU SAY?

i'll repeat myself just one more time - oooh, just one
more time
theres nothing more to say this
well i've gone on with my life...
theres nothing more to say to that

WHAT DID YOU SAY?

dont wanna hear the drama queen - oh oh, the drama
queen
close your eyes to something you dont see
well i've gone on with my life, theres nothin' to say to
that
theres nothing to say or do.. nothing to say or do

its the way - ITS THE WAY - that youve been for quite
sometime,
excommunication bled, fuck you - FUCK YOU!
we dont need you in our lives,
hey hey hey, thats why we started.. EXCOMMUNICATION

dont wanna hear the drama queen - oooh, the drama
queen
two simple words we have for you - FUCK YOU

HEY, HEY - you say that youve found all the reasons!
HEY, HEY - i say youre just stuck in your ways
HEY, HEY - two simple words we have for you
FUCK, YOU - theres nothing more to say to that.
