It's about time you came 'round
I'm still trying to figure out
What's so good about this life you've found

Yes, I'm doing fine now
But I'm still trying to figure out
Just when I lost you, where and how

But it's tried and it's true
And there's nothing I can do
But make it through everyday

Johnny Walker's on the table
He tends to soothe since you're unable
Day after day, after day

Johnny's walking all over me
Oh, slowly gaining control of my destiny

But it's tried and it's true
And there's nothing I can do
But make it through everyday, yeah

You make the pain go away
When you say you still love me
You warm the chill that's in my heart
When you start with the stories

Of yesteryear when you were here
I don't know why I can't let go
I'd like to say goodbye

But you're burned in my mind
You're burned in my mind
You're burned in my mind, you're burned

But it's tried and it's true
And there's nothing I can do
But make it through everyday

Well, it's about time you came 'round
I'm still trying to figure out

What's so good about this life you've found

You make the pain go away
When you say you still love me
You warm the chill that's in my heart
When you start with the stories

Of yesteryear when you were here
I don't know why I can't let you go
I'd like to say goodbye

But you're burned in my mind
You're burned in my mind
You're burned in my mind, you're burned

You're burned in my mind
In my mind
