1st verse

You wonder what we have
Will our love start getting old
Maybe when the oceans dry
Or when the sun turns cold

Baby that's the kind of love you're in
Baby that's the kind of love you're in

All my days I'm by your side
Till I have no days left to give
And from the bottom of my soul
You're the reason I live
And Baby that's the kind of love you're in

Chorus

My promises by them I will stand
With nothing less than everything I am
I'll walk through fire for you just say when
Baby that's the kind of love you're in
Baby that's the kind of love you're in

2nd Verse

Like a soldier with no fear
He could die today in war
He loves the life God's given him
But he loves his country more

And Baby that's the kind of love you're in

Chorus

My promises by them I will stand
With nothing less than everything I am
I'll walk through fire for you just say when
Baby that's the kind of love you're in

3rd verse

I'll do my best to make sure you know you're in good
hands
You can take my word I'll do the best I can

Chorus

My promises by them I will stand
With nothing less than everything I am
I'll walk through fire for you just say when
Baby that's the kind of love you're in
I'll walk through fire for you just say when
Baby that's the kind of love you're in
Baby that's the kind of love you're in

You're in
