You wonder what we have
Will our love start getting old?
Well maybe when the ocean's dry
Or when the sun turns cold

Baby, that's the kind of love you're in
Baby, that's the kind of love you're in

All my days I'm by your side
'Til I have no days left to give
And from the bottom of my soul
You're the reason I live
And baby, that's the kind of love you're in

My promises by them I will stand
They're nothing less than everything I am
I'll walk through fire for you, just say when
Baby, that's the kind of love you're in
Baby, that's the kind of love you're in

Like a soldier with no fear
He could die today at war
He loves the life God's given him
But he loves his country more
And baby, that's the kind of love you're in

My promises by them I will stand
They're nothing less than everything I am
I'll walk through fire for you, just say when
Baby, that's the kind of love you're in
Baby, that's the kind of love you're in

I'll do my best to make sure you know you're in good
hands
You can take my word I'll do the best I can

My promises by them I will stand
They're nothing less than everything I am
I'll walk through fire for you, just say when
Baby, that's the kind of love you're in

I'll walk through fire for you, just say when

Baby, that's the kind of love you're in
Baby, that's the kind of love you're in
You're in
