Verse 1)- Sleep through the speech of the King
Waking up and realizing what you missed

Lie there and think all night
In the midst of the stars

Chorus)- Stare up at the stars
Look down on the world
Bring us up white as snow
Cleanse us and
Lead us to you

Verse 2)- There will be no-one in the world
The dead bodies will be lying in the fields
Call on the Lord as he has saved
Give up all your assets to be with him
You will be called up to be judged by him

Chorus(x2)
