Let me break this bread
so i can pop my collar
put this shit down,
yall can call me your poppa
i slide through, let my motherfucking nuts hang
give a fuck like an old school gang bang
double-dash one time for your mind, yo
double-dash always got the hydro
with the captin and coat to match
you dont like me in the front
you can see me back, woah!
rock a party, smoke a blunt
i keep the crowd movin when im up in the club
rock a party, smoke a blunt
i keep the crowd movin when im up in the club
got 'em all sayin with their hands up
"it feels so good, it feels so good"
got 'em all sayin not givin a fuck
"it feels so good so i wish you would"

CHORUS

It feels so good
when everythings goin right
cause you got your shit together
and your bank roll is tight
It feels so good
when your money stacks high
and you got alot of weed and a big supply
It feels so good
when everythings goin smooth
and you got a sexy girl to get you in the mood
It feels so good
so i wish you would
it feels so good, it feels so good

Now its time to get my boogie on lets bounce this bitch
i got the club bumpin with the subnoize shit
got my cap down, got my pants saggin
got the bud smoke by the pounds never lackin
Double-dash shit, fuck a bitch
i turn the motherfucking party out in a minute

wheres my drinks at?
wheres my dogs at?
wheres my blunts at?
i gots to have that
i gots to have this
i gots to have that
we do it again with a little more twist
i gots to have this
i gots to have that
we do it again with a little more twist

kingspade shit bitch take a hit of this

spittin flows, gettin drunk
lettin all yall fools know

CHORUS

It feels so good
when everythings goin right
cause you got your shit together
and your bank roll is tight
It feels so good
when your money stacks high
and you got alot of weed and a big supply
It feels so good
when everythings goin smooth
and you got a sexy girl to get you in the mood
It feels so good
so i wish you would
it feels so good, it feels so good

startin to get my swerve on
im holdin down the stage like a motherfucking don
this shits bout to pop, and this mic here is hot
i spit a paragraph dog and blow up the spot

bust out a sling shot, put a lyric in it
slap a buster upside his head and make him hear it

CHORUS

It feels so good
when everythings goin right
cause you got your shit together
and your bank roll is tight
It feels so good
when your money stacks high
and you got alot of weed and a big supply
It feels so good
when everythings goin smooth
and you got a sexy girl to get you in the mood
It feels so good
so i wish you would
it feels so good, it feels so good

It feels so good...
