Riding through this ghost town  
Hope nobody shoots me down  
Got a pay load running through  
All this to find you

Paparazzi and the flashing lights  
Looks like it's Britney Spears tonight  
Baby, they're onto you  
And I don't wanna lose you

Stars are falling and the hills are on fire  
Vanity is a perpetual liar  
I can see it in your eyes  
And I don't wanna lose you  
I don't wanna lose you

See the bandits dressed in black  
They don't want me coming back  
They wanna keep you to themselves  
They almost have you, I can tell

Stars are falling and the hills are on fire  
Vanity is a perpetual liar  
I can see it in your eyes  
And I don't wanna lose you  
I don't wanna lose you

Come on, baby, let me throw you a line  
Let's get outta here, we still got time  
And I don't wanna lose you  
I don't wanna lose you

Stars are falling and the hills are on fire  
Vanity is a perpetual liar  
I can see it in your eyes  
I don't wanna lose you  
I don't wanna lose you

Stars are falling and the hills are on fire  
Vanity is a perpetual liar  
I could see it in your eyes  
And I don't wanna lose you

I don't wanna lose you

Come on, baby, let me throw you a line  
Let's get outta here, we still got time  
And I don't wanna lose you  
I don't wanna lose you

Stars are falling and the hills are on fire  
Vanity is a perpetual lie  
I can see it in your eyes  
And I don't wanna lose you  
I don't wanna lose you
