They're burning the streets
Nothing to eat
And the fire's raging on
There's cries in the air
Nobody cares
All the love is gone

Broken hearts, broken dreams
People running out of faith it seems
Down and out, but still somehow
I can hear 'em all screaming out

Give me love, let me feel it
Give me love, love, love
Give me love, 'cause I need it
Give me love, love, love

When the world is full of pain
And all that's left is love and hate
Give me love, let me feel it
Give me love, love, love

I wanna believe, wanna see
That the world will be set free
I wanna know, wherever I go
I hear angels sing

And my heart is full, and my soul alive
Oh, there's no way to hold it, hold it inside

Not giving up, not giving in
I'm not looking back to where I've been

Give me love, let me feel it
Give me love, love, love
Give me love, 'cause I need it
Give me love, love, love

When the world is full of pain
And all that's left is love and hate
Give me love, let me feel it
Give me love, love, love

Oh, say what you want
But I don't want what you don't need
Give all you can without looking for something
Looking for something, looking

Give me love, let me feel it
Give me love, love, love
Give me love, 'cause I need it
Give me love, love, love

When the world is full of pain
And all that's left is love and hate
Give me love, let me feel it
Give me love, love, love
