### "Let It Flow"

Open up the bag of 20-20 vision, then I close my eyes.  
The animation of my senses,  
helps me see your image in the sky.  
We can feel the pleasures of the... rain.  
If you want to come in from the... rain.  
Drifting through an open room,  
colors that just makes me want to sleep.  
Awaking and, much to my surprise,  
you're there and lying next to me.  
We can hear the song the ocean.. sings.  
Holy water baptize me, from.. sins.

I'm letting go.  
Let it flow.  
We can be high again.  
Just let it go.  
Feel the flow.  
A journey that never ends.

Invitation, to ride our shining star tonight.  
Take my hand and we can fly away.  
Celebration, promised moment of this night.  
There will be a better way.

We can fly away.  
(Oh) I'll take you to a place so far away.

Invitation, to ride our shining star tonight.  
Take my hand and we can fly away.  
Celebration, promised moment of this night.  
There will be a better way.
