### "North Of Dixie"

Visit "[North Of Dixie](#)" on [MotoLyrics.com](http://MotoLyrics.com)

There's a barn door in Ohio with my initials painted on it  
By a high school bot that wanted my first kiss

There's a girl in Pennsylvania gettin' ready for a date  
Wearin' cowboy boots and cowgirl red lip stick

There's a farmer in Nebraska right now gettin' on his tractor  
Singing Toby Keith along with his head phones

There's a redneck in Indiana with a camoflauge bandana  
And he's sittin' in a tree stand all day long

It's the music of the people  
And it ain't just for some  
They might make it down in Nashville  
But it speaks to everyone

We might be a little North of Dixie  
But we still drink that Tennessee whiskey  
Throw up your hands and sing if your with me  
Let's get down ya'll  
We got the bass and you got the fiddle  
Boys it ain't a race lets meet in the middle  
Line up the Jack if you wanna get tipsy  
Let's get down ya'll (down ya'll)  
North of Dixie

There's a party in Wisconsin  
Every Friday night in Green Bay  
Where blur collar boys and girls drink Apple Pie

They drive trucks in Boulder  
In the winter when it's colder  
And they know how to get that Rocky Mountain high

We love them Carolina ladies  
Nothin' sweeter than a Georgia peach  
Ain't got no redneck riviera  
But we heard Jersey's got a beach

We might be a little North of Dixie  
But we still drink that Tennessee whiskey  
Throw up your hands and sing if your with me  
Let's get down ya'll  
We got the bass and you got the fiddle  
Boys it ain't a race lets meet in the middle  
Line up the Jack if you wanna get tipsy  
Let's get down ya'll (down ya'll)  
North of Dixie

We might be a little North of Dixie  
But we still drink that Tennessee whiskey  
Throw up your hands and sing if your with me  
Let's get down ya'll  
We got the bass and you got the fiddle  
Boys it ain't a race lets meet in the middle  
Line up the Jack if you wanna get tipsy  
Let's get down ya'll (down ya'll)  
I said let's get down ya'll (down ya'll)  
North of Dixie
