Everybody knows everybody in a small town
All around
And there ain't nothing wrong with that
I'm not the type that wants to live a life on solid ground
Tied down
That's why I keep my suitcase packed

Sometimes,
The things you love the most
You gotta let em go
But in the end you know I'm coming home to you

I wanna feel the sun on my back in California
Run with the bulls out in Barcelona
Cross the desert and then I'm gonna do it all over
again
I wanna see the Taj Mahal and the Eiffle Tower
Stand in the ocean and feel the power
I wanna go where I've never been
White Picket Fences can't hold me, can't hold me in

Baby when you fell in love with me
You got a little more than you bargained for
But you just need to understand
I'm not saying that everytime you turn around,
I'll be runnin straight for the front door
No, I just don't want to lose who I am

You know, I love you and me
But I gotta be true to me
So I can be true to you

I wanna feel the sun on my back in California
Run with the bulls out in Barcelona
Cross the desert and then I'm gonna do it all over
again
I wanna see the Taj Mahal and the Eiffle Tower
Stand in the ocean and feel the power
I wanna go where I've never been
White Picket Fences can't hold me, can't hold me in
Can't hold me, can't hold me in

Sometimes,
The things you love the most
You gotta let em go
But in the end you know I'm coming home
Coming home to you

I wanna feel the sun on my back in California
Run with the bulls out in Barcelona
Cross the desert and then I'm gonna do it all over
again
I wanna see the Taj Mahal and the Eiffle Tower
Stand in the ocean and feel the power
I wanna go where I've never been
White Picket Fences can't hold me, can't hold me in
Can't hold me, can't hold me in
Can't hold me, can't hold me in
