My heart was a gift from You
And now by love it's been renewed
I thank you Jesus and I choose
To give it back to You

My heart and I must part
So I may praise You
For fully what You are
You are Beauty,
You are Wonder,
And You are Love

I, like a feather
Long to float about your Love
And I will praise You
For all my days
The Lord above
Yahweh

I'm broken, but you died to fix me
I know it's true
Arms open towards the heavens
My aim is You
I'm broken, but you died to fix me
I know it's true
I'm spoken for Your grace has freed me
Evermore

I give my heart to you
Evermore
Because You made it new
Evermore
My heart and I must part
Evermore
I give it back for a brand new start

Beauty evermore
Wonder evermore
Love evermore
