Heal our bodies and our souls  
We want to know that you are close  
Draw us close to you

Heal our bodies and our hearts  
Let this revival start  
Draw us close to you

Oh how we envy  
The ones who have gone to your home  
For they are face to face  
With the glory  
With the holy one  
We commit our spirits to that place

Draw us closer Lord  
We want to know you more  
Draw us closer Lord  
We want to feel your breath  
On all our hearts

Heal our bodies and our minds  
We want to feel you all the time

To your heart

Your glory glory  
Your holy holy  
Seldom words come to my mind  
To describe

Your big your loud  
Yet your the softest of sounds  
You are everything  
Your strong your stirn  
Yet your the gentle one  
You are everything  
Your the holiest of kings  
Yet lived and died humanity  
You are everything
