We're gonna be there for one another  
Love will keep us together  
the sun will shine in the end  
for me and my friends.

we're gonna be there for one another  
Love will keep us together

Love will keep us together...  
Love will keep us together...  
Love will keep us together...  
Love will keep us together...

We're gonna be there for one another  
Love will keep us together  
the sun will shine in the end  
for me and my friends.

we're gonna be there for one another  
Love will keep us together  
the sun will shine in the end  
for me and my friend.  
for me and my friend

Love will keep us together...  
Love will keep us together...  
Love will keep us together...  
Love will keep us together...

Love will keep us together  
the sun will shine in the end  
for me and my friend.  
for me and my friend

Love will keep us together...  
Love will keep us together...  
Love will keep us together...  
Love will keep us together...
