Baby what do you say we go down by the river  
Down by the river under that moon  
Spend all night down by the river  
You loving on me, me loving on you

Throw a blanket down on the bank of that river,  
Bank of that river, that's what I wanna do  
Roll round and round on the bank of that river  
You loving on me, me loving on you

We'll back up the truck, switch back the key  
Crank up some tunes and turn up the heat  
Nobody gonna know, nobody gonna see

Baby what do you say we go down by the river  
Down by the river, under that moon  
Spend all night down by the river  
You loving on me, me loving on you

Well, I bet them stars are dancing on the river  
Dancing on the river, under that moon  
Waitin' on us to get to that river  
You loving on me, me loving on you

Jump out of these jeans and into that river  
Into that river that's begging us to  
Make a little steam on top of that river  
You loving on me, me loving on you

We'll back up the truck, switch back the key  
Crank up some tunes and turn up the heat  
Nobody gonna know, nobody gonna see

Baby what do you say we go down by the river  
Down by the river, under that moon  
Spend all night down by the river  
You loving on me, me loving on you, you, oh

Baby what do you say we go down by the river  
Down by the river, what do you say  
What do you say we go down by the river

Down by the river, what do you say  
What do you say we go down by the river (Come on  
baby)  
Down by the river, what do you say (Down by the river)  
What do you say we go down by the river (Whoa yeah)  
Down by the river, what do you say  
What do you say we go down by the river (Down by the  
river)  
Down by the river, what do you say  
What do you say we go down by the river (Down by the  
river)  
Down by the river, what do you say  
What do you say we go down by the river (Down by the  
river)  
Down by the river, what do you say  
What do you say we go down by the river (Down by the  
river)  
Down by the river, what do you say
