It's time for the revolution  
(Repeated)

Reeeevolution  
Reeeevolution  
Reeeevolution  
Reeeevolution

Lingering on the time we spent  
I keep on thinking about the past  
It's like I'm living in a trance  
I feel slowly drifting away  
And maybe give it another chance  
To find out what we feel inside  
The memories that we thought would last  
We finally left them all behind

As the sun goes down  
And the day comes round  
Tell me why do all these feelings stay in me  
As the sun goes down  
And the day comes round  
I'll think about the good times when the sun goes down
