I get this feeling that ya  
Ready, I'm willing... yes ya  
Sexy, appealing... yes ya...  
Girl lemme come and get cha...

I get the feeling that I'm... gon' end up lovin' you  
If you don't wanna hurt me, then boy watch what you do  
I get the feeling that I... will end up loving you  
If you don't wanna hurt me, then boy watch what you do

I... I...I got my paper right  
I'm that heavy baller type  
She was searching all her life  
For that gangster that she likes  
Stay strapped, no tats,  
Spanish... but I'm so black  
She don't even know that  
I ain't ever sold crack  
Yeah there she keep on callin'  
She really think I'm ballin'  
I'm really broke ass fuck  
And I ain't giving nothing up

I get the feeling that I'm... gon' end up lovin' you  
If you don't wanna hurt me, then boy watch what you do  
I get the feeling that I... will end up loving you  
If you don't wanna hurt me, then boy watch what you do

She be ready for the lights... camera...then action...  
She's the\_, with passion  
She shake it right now  
She's not done  
Imma hit her with some satisfaction  
She askin' ...if she could come to the bed  
She wanna run with the kid  
Lay back, hit a blunt with the kid  
See my funds get big  
It's yo night... I got my buds  
Que hay? Man wuzzup  
Freak it right  
Live it up

I ain't trying to fall in love  
So wuzzup

I get the feeling that I'm... gon' end up lovin' you  
If you don't wanna hurt me, then boy watch what you do  
I get the feeling that I... will end up loving you  
If you don't wanna hurt me, then boy watch what you do

I get this feeling that ya  
Ready, I'm willing... yes ya  
Sexy, appealing... yes ya...  
Girl lemme come and get cha...

I get the feeling that I'm... gon' end up lovin' you  
If you don't wanna hurt me, then boy watch what you do  
I get the fucking feeling that I... will end up loving you  
If you don't wanna hurt me, then boy watch what you do
