

## Son Volt "Medication"

Visit "[Medication](#)" on [MotoLyrics.com](https://MotoLyrics.com)

Living on medication  
Don't wanna know what I've done  
Place to place, on the run  
Living on medication

Living on medication  
Wanted to slow the world down

Make a break  
Concentrate on a different solution  
Realization waves of the soon to learn  
Walking oil spill

Living on medication  
Nothing can stop us now  
Headed for the stratosphere  
Living on medication

Destination set, engines on  
Drop or two on a jet stream

Make a break  
Concentrate on a different solution  
Realization waves of the soon to learn  
Pollution restitution
