Sometimes I feel so out of time and place, trapped in a  
maze  
As if I was lost in someone else's life...  
The values I should keep in high regard don't mean a  
thing to me

Do you ever feel a need to go back in time? A dream of  
mine...  
To travel far away and one day steal back my life  
In the end all I can do is to learn I live in a dreamland

This time was not made for me, I have nowhere to land,  
no place to rest,  
Like a bird, without a nest, I'm gliding  
Under the clouds, forevermore

How much suffocated anxiety can be held within?  
I was found guilty to a crime against myself.  
No need to hear the words again,  
I live and I'd die for my dreamland

This time was not made for me...

I'll never have a chance, I can't understand  
I'm misplaced man  
How could this backward land  
Learn to understand my dance  
What it's like, when every single smile hurts...

I have never felt like a home here  
Always missing something  
People aren't connecting  
Am I misplaced soul?

I live in a perfect Hell, I try finding my wishing well  
When I drop my last tear, I have accepted this life

A true saint, that I am not, you have never seen me  
'Cause I have always been there, standing by your side

I'll never have a chance, I can't understand

I'm a misplaced man  
How could this backward land  
Learn to understand my dance  
What it's like, when

Every single moment pains me...  
Never felt like home here  
I am missing something  
My soul's in a wrong shell?
