Walking down Main Street getting to know the concrete
Looking for a purpose from a neon sign
I would meet you anywhere, western sun meets the air
We'll hit the road, never looking behind

Can you deny, there's nothing greater
Nothing more than the traveling hands of time?
Sainte Genevieve can hold back the water
But saints don't bother with a tear stained eye

Seeing traces of the scars that came before
Hitting the pavement still asking for more
When the hours don't move along, worn out wood and
familiar songs
To hear your voice is not enough, it's more than a
shame

Can you deny, there's nothing greater
Nothing more than the traveling hands of time?
Sainte Genevieve can hold back the water
But saints don't bother with a tear stained eye

Like the man said, rode hard and put away wet
Throw away the bad news, and put it to rest
If learning is living, and the truth is a state of mind
You'll find it's better at the end of the line

Can you deny, there's nothing greater
Nothing more than the traveling hands of time?
Sainte Genevieve can hold back the water
But saints don't bother with a tear stained eye

Sainte Genevieve can hold back the water
But saints don't bother with a tear stained eye
