I ain't trying to go where you already go  
Spit out what you already wrote what you already quote  
What you mean get nasty yourself I already grow  
Somehow in LA with a ,smoke  
Pass all to my squad all through the night  
Smoke that good use .. lights  
.. complete to these .. they got no ..  
,nowadays they only try to get their ,  
So put off .. cause I took your wife out  
Now you wanna punch my lights out  
All my lights, all my lights gonna twist  
..let that pass just postpone before my .. slow  
Remember what they say he got bitch now he wanna  
get me started  
Now you are looking retarded  
Regardless what I told you regard and MP3 .. don't test  
me  
.. to arrest me All I talk won't affect me  
But I am saying I will never gonna make it  
Wanna be all on my , get off me  
Life priceless but the things I make is gonna cost me  
So i run around town with my eyes .. but God damn  
even gas costs me  
Damn  
Can keep it all real like you have  
Trying to keep it PG like ..  
Wanna hear me curse in a verse ..  
I wanna cruise in a black limousine  
I wanna be in a .. magazine  
..I want that Helly Berry on ,  
Melissa Fort Alicia Keys..  
All of the lights  
All of the lights  
,  
God Damn is so ,  
Can't .. this love surprising  
Came a long way since me and ..  
I did that .. horizon  
Just 13 I was thirsty .. now I am a problem  
Feel this from all of the curtain  
Feel like I am a magic ,

Sick you all know what I am on  
I just overload this song  
Anybody hate and I won't correspond  
It's like I never saw pork  
I'll give her

Thanks to feel
