Verse 1:

I will not let them cure my disease

They will never put my mind at ease

I don't think that they can comprehend

The beginning of a life is at its end

Label this as pure insanity

Trying to keep me from society

Looking for a truth that they can bend

Hearing for a faith that won't defend

Chorus:

Your intoxication

Pushes me over the edge

Your intoxication

Keeps messing with my head

Verse 2:

Searching everyday for just a taste

The thirst is getting stronger as I wait

Numbing all my senses

I will take my chances

Knowing at the end will be my fate

Drunken with my curiosity

Giving up my mediocrity

I will not go back

Seeing what they lack

Living by a system of deceit
