Simple melody

**MotoLyrics** 

Spinning 'round Till I tumble down All my worries sink into the ground As I lay here and look up at the Sun-lit trees

There's so many sounds I don't believe silence can be found Some would say it's quiet now But I hear silence and it breaths

Lately All I wanna do Is sing La da la da dee That's all that I need Just a simple melody To set my soul free For with out it, I can hardly breathe

Happiness has been good to me But sorrow sets inspiration free I love to feel Everything that I can feel

I laugh I cry it's all the same I love the sunshine. love the rain As long as I can sing About a beauty, so surreal

Lately All I wanna do Is sing La da la da dee That's all that I need To sing La da la da dee To set me free To sing La da la da dee For with out it, I can hardly breathe Yes that's all that I need It's all that I need
