Keep it coming,  
did you know the time is now?  
Keep it coming,  
never ever take us down.  
Keep it coming,  
not aloud to make mistakes.  
Keep it coming,  
we're the dutch heavyweights.

Keep it coming,  
did you know the time is now?  
Keep it coming,  
never ever take us down.  
Keep it coming,  
take this like it's understood.  
Keep it coming,  
bad boys in the neighbourhood.

Keep it coming,  
did you know the time is now?  
Keep it coming,  
never ever take us down.  
Keep it coming,  
better do your last pray.  
Keep it coming,  
bo bo bo bo bombs away!
