Don't know why you look at me, say that you love me
Don't know why you even say you care
Coz I've been through this a hundred times before
When I look around, and see your not there.
This fascination with your body
And they way you touch your hair
It could last a lifetime with anyone
I won't let me heart even dare.

[Chorus]
Coz you, mean a lot to me
But it's strange, as far as I can see
Yea you, mean a lot to me
But I know we couldn't possibly be...
You're everything to me
Oh oh
You're everything to me...

Been through tough times together
Some happy some sad times too.
Never though I could feel this way,
The way I feel about you.
When I wake up in the mornin'
And I see your smiling face
I'm just glad baby that I'm with you
And nobody else could take your place

[Chorus]

[Chorus]

Everything to me.
