Whatever it takes, we're gonna keep on dancing
Whatever it takes, we're gonna stay afloat
Wanna dive into the beat
gonna let it guide my feet
Shut my head down to the right sound

Diratatitara, diratatitara, diratatitaraâ€¦

Whatever it takes, I'm gonna keep my eyes closed
Whatever it takes, I'll turn the music up
When he grabs the megaphone I'll pretend that I'm not
home
Put the spotlight on the right side

Diratatitara, diratatitara, diratatitaraâ€¦
(Rainy days and sound)

It's the way you make me dizzy
The way you keep me occupied
is the meaning of the summer
and the rainy days and the sound
And the room is full of people
and a single face is shining bright
It's the way you make me dizzy
The way you keep me occupiedâ€¦
