so you finally got your freedom
well i guess i got mine too
well i just hope that you're happy now
you think i'm over you

you said it would be easy
that i had to give it time
just turn a different corner
and see what you can find

but how could i just start again and forget about the
past
i guess we had a good thing, but good things never
last

(ref)every time i fall in love i think i'm over you
stop believing life will change
if we're really through
everyday i fool myself "we're better off apart"
you say that i should forget you now
but tell it to my heart
every time...

but you can put the blame on me now
for the life we never had
well i really tried to do my best
to be the perfect man

did i let you down so badly
or why did it go so wrong
i never saw it coming
but you knew it all along

but how could i just start again and forget about the
past
i guess we had a good thing, but good things never
last

(ref)every time i fall in love...
