Jacksons Franklins coming out my bank with me Whenever I take them out That's what got them hating now (2x)

Money minded grind is constant profit rocket daily Maybe mine is flyin linen pockets cause the sayin F-U pay him, a motto for the ages Hatin rages on but still I'm strong beyond the early Stages

Of greatness, ain't this, quite a crazy life The price of livin got me sinning wishin I could turn To Christ

Without advice, alone I'm on my own with my decisions Missin guidance all this time I'm fine so, why should I Listen

To your mentions, guessin, you want a slice of pie With all the fixins meanin digit's out my bank account And why

Do you feel that your advice in the best of my interest I'm lookin thru my eyes guy I'm just not impressed I invest, seconds minutes hours gainin power Tower money mission multiply my methods make em sour

When I hop up out the shower, bitch I focus neva choke Up

Floatin high, and on the rise fried n kitin blowin

Smoke up

Jackson Grants Franklins bank account is achin
It's how I bring it in it's just too much bacon
Mine for the taking, it's out there so get it
Like animal we battle for what's ours and then we bless
It

When you gone spend it, give a little that to me Ima hustler so the customer give me exactly what I need

Greed keeps me goin like an energizer bunny Glutny but they told me stunt g cause it's all about The money

I be we're the blunts be, beachin flowin like an ocean

Keepin dollars up in motion focusin on where I'm goin Best believe the money blowin, knowin ima make it back

Keep my stacks sky high like my mind on lye sacs I lie back, thinking bout the future that I'm livin Tryna help ones with my wealth in stealth you know the Boi be givin

For the paypa ona mission, in this trance it's tunnel Vision

Givin two directions intersection which the right Decision (tell me that)
