Swore to myself I'd never get lost again
That you'd lead me home like a fire leads a siren
Well Im just lookin for a door that's always open
That doesnt't't need no pushin doesnt't't need no
shovin
Oh please
Wont you let me in
Oh please
Wont you let me in
I swore to myself I'd never get lost again
That you'd lead me home like a fire leads a siren
Well Im just lookin for a door that's always open
That doesnt't't need no pushin doesnt't't need no
shovin
Oh please
Wont you let me in
Oh please
Wont you let me in
Wont you let me in
Wont you let me in
Wont you let me in
Wont you let me in
(wont you let me in)
Im just lookin for a door that's always open
That doesnt't't need no pushin doesnt't't need no
shovin
Wont you let me in
Wont you let me in
Wont you let me in
(wont you let me in)
Im just lookin for a door that's always open
That doesnt't't need no pushin doesnt't't need no
shovin
