I used to believe that you were so clever (I've been listening to you for awhile)
And I did what you said because I thought you knew better (But you don't know what I need)
I told you he could be my forever (The last thing I wanted to do was make him leave)
So, why would you put us together
Only to take him away from me

Love oh love
I thought that we were better than that, b-better than that
I'm talking to you love oh love
I guess you never did have my back, never did have my back
'Cause when I did just what you said everything went south and I
Looked around, you're nowhere to be found
I'm talking to you love oh love
I thought that we were better than that, b-better than that
Shame on you, shame on you, shame on you, shame on you, shame on love
Think I'll say it again now
Shame on you, shame on you, shame on you, shame on you, shame on love
No I won't be a fool again

You told me I'd be so much better without him (Since he's been awake he's sleep like I used to)
But its all over that new girl you found him (for real)
feels like I don't even know you
I can't believe how quick I gave you my trust, and I can't believe how quick he went and bust it in
'Cause my heart's in a thousand pieces
and I'm out here picking 'em up trying to figure out whats the reason, reason for

Love oh love
I thought that we were better than that, b-better than that
I'm talking to you love oh love

I guess you never did have my back, never did have
my back
'Cause when I did just what you said everything went
south and I
Looked around, you're nowhere to be found
I'm talking to you love oh love
I thought that we were better than that, b-better than
that
Shame on you, shame on you, shame on you, shame
on you, shame on love
Think I'll say it again now
Shame on you, shame on you, shame on you, shame
on you, shame on love
No I won't be a fool again

Maybe I'm trippin'
'Cause maybe this is just as much my fault as it is yours
(baby I wasn't strong enough)
And being apart can do some good because
Only time can make it like it was
When we were in

Love oh love
I thought that we were better than that, b-better than
that
I'm talking to you love oh love
I guess you never did have my back, never did have
my back
'Cause when I did just what you said everything went
south and I
Looked around, you're nowhere to be found
I'm talking to you love oh love
I thought that we were better than that, b-better than
that
Shame on you, shame on you, shame on you, shame
on you, shame on love
Think I'll say it again now
Shame on you, shame on you, shame on you, shame
on you, shame on love
No I won't be a fool again

Shame on you, shame on you, shame on you, shame
on you, shame on love
Shame on you, shame on you, shame on you, shame
on you, shame on love
Shame on you, shame on you, shame on you, shame
on you, shame on love
