Spend all my life just trying to find, the perfect girl, the
perfect smile
You were right beside me all the time
Its funny how love can bend my mind, make me think,
There's a better shine, than those diamonds
dancing in your eyes
Just say that you will be mine

And I'll do anything, anything, anything for you
And I'll go anywhere, anywhere, if you ask me to
And every single day I'm away from your love and
kissin' makes me blue
Yeah, baby, baby, baby, I'll do anything for you,
anything for you

I thought happiness meant being with my friends, but
girl I miss one on ones and being by your side
I'll dream of you tonight

And I'll do anything, anything, anything for you
And I'll go anywhere, anywhere, if you ask me to
Cause every single day I'm away from your love
and kissin' makes me blue
Oh, baby, baby, baby, I'll do anything for you

You and I were meant to be, talking about our destiny,
baby we can have it all right now
Take my hand, I got a plan, hold on as long as you can
Easy when your heart shows you how, Yeahhh

Anything, Anything for you
Anywhere, Girl you know it's true
Anything, Anything for you
Hey, Girl you know it's true

Anything, Anything, Anything for you
And I'll go anywhere, anywhere, if you ask me to
And every single day, I'm away, from your love and
kissin' makes me blue
Yeah, baby, baby, baby, I'll do anything for you,
anything for you

Iâ€™™ ll go anywhere, Anything for you
Anything for you, Anything for you,
Yeahhh, Anything for you
