Uriah Shelton:

Come inside my heart  
Come inside it's glorious  
Come inside spirit  
There's nothing more, there's nothing left  
Come inside my soul  
Love can make you hope  
When nothing's more, when nothing's left  
Beautiful spirit, Wonderful spirit, Marvelous spirit

Dash Mihock:

We be livin down in the bible belt  
Some say a strong person said the lord is felt  
And people feel the devil  
Prepare me for the next level  
We aint seen you in church now you a rebel  
Question to God is natural, look at circumstances  
Cause man created the bad the way the devil dances  
Gods beauty has loved the sorts within your heart  
So if you need to practice faith go and play your heart

Uriah Shelton:

Beautiful spirit, Wonderful spirit, Marvelous spirit
