It's not your fault that i managed to see  
how you fell but you landed so gracefully  
and half the time i was standing still  
i don't want you to catch me but i know that you will  
have you heard the story of my two best friends?  
one was me and the other was all my things  
and in that house where i used to be from  
i am nothing and nothing is number 1  
take your turn at the end of the line  
i'm finally first, but i'm waiting for some friends of  
mine  
how's that song go about who you are?  
and how everythings changing  
but i haven't changed so far
