(Will)

Just had a show tonight
Voice all scraggly and all

Yo Tab and Ap let's go interact
Matter of fact let's attack 'em with the contact
Make the ultimate impact leave 'em hunchbacked
Light 'em up with the mic like we pyromaniacs
Feel the power when I unleash exact
There's no kinda act tactics that can stop that
When I climax I'ma like kick a hole in that
Sympathetic non poetic crap you callin' a rap
And I might revitalize your cardiac
So you can realize the heart of rap recited by the Black
Eyed Peas, I'ma seize your income
And freeze all the competition and then some
I flip a show up in the Hamptons
Rip it down to Compton
Performin' my anthem
Ya know, ya know
You know that's the joint that's the jam
Look I got some new shit
We came to do it again

(Chorus)

Ahhhhhhhhhhh
Scream if ya need to just let it out, let it out, let it out,
let it out
Ahhhhhhhhhhh
Holla if ya need to just let it out, let it out, let it out, let it
out
Ahhhhhhhhhhh
Vent if ya need to just let it out, let it out, let it out, let it
out
Yo self just let it out, y'all just let it out, holla and let it
out

(Apl De Ap)

Introduction, here's a new concussion
I'ma break it down like a mechanical conductant
Eruptin' volcanic lyrically meaning something

All you muthafuckas sayin' nothin' need to stop them
Time to break forth, ain't no goin' back now
Movin' on for the better things that's my profile
Uproar uncontrollably make you say (Spanish word)
(Line in Spanish)
Creates so soul sonically makin' you bounce your
Energetic created terror shakin' your dance halls
One in a million with the mission, bringin' in back, raw
Talent on the mic will excite better than dropped bras
Anybody lost follow the source of course
BEP the family bringin' you the strongest force
Bridgin' it on every angle and make ya (dance)
From the mic Apl De Ap is on demand

(Chorus)

(Taboo)

Me and microphone go like source for me and warn
My delivery is news like paper on the lawn
When it's on then it's on step on stage and perform
If you're scared then step off, cuz your pride be all
gone
If it's time that you leave, go ahead then proceed
If it's skills that ya lack
Take twenty steps back
It's a slap you will get
If you try and disrespect
The crew is the Peas
And we bout to do the next
Es asi, si asi
Musica es para mi
Para ti, (??)
Para homie y mujer
Asi es, eso es hora si, (??)
Mira me, voy hacer (??) que vas a conocerdo
Esto es, all for you
Spanish tongue you're speakin' to
Makin' moves, makin' moves Angry Foot is makin'
moves
Makin' moves, makin' moves Black Eyed Peas is makin'
moves

(Chorus 2x)
