I'm having a time of my life
And dear, sin would be nice
You, you are around here too
So I can show you that nothing is thru

For me and you
For me and you
For me and you

I wish that you were here with me
so close, oh so very close we could be
in sun shining, moonlight or whatever you like
in sun shining, moonlight or whatever you like

I'm sending a force to you
Oh I wish you knew
I'm sending my thoughts to you
Oh I wish you knew
I'm sending my thoughts to you
Oh I wish you knew
I'm sending my thoughts to you
Oh I wish you knew
Oh I wish you knew
Oh I wish you knew
