weve had enough....  
more then we can swallow and we can't swallow any  
more.  
now we know it's time to stand as one.  
and we know that it's time to stick together  
and we know we cant live beyond forever.

it's time to stop.....  
all of this confusion i'm so delusioned by it all  
shout it out its time to stand as one ...  
raise your hands and look into the future  
cause one day if we fight well win together

we need a revolution  
we need a revolution  
we need a revolution  
we need a revolution in our lives
