It was all just a game to you
I guess you didn't really know
Uh oh-oh-oh
It was just all a game
Until it got a little to messy
A little to bad
A little too bloody
It was all just fun and games
Until all the shadows came
Took your life
And left me stranded sitting alone
Frightened and scared
Didn't know what would happen next
Not until the next move was made
It was like a human board game

It was all just fun and games
Until all the shadows came
I wonder how long they were watching us
Getting ready to pounce on are souls
I guess I could just say we were playing
The game
The game of shadows

Ohhhhh
Everything was all right
Until the shadows arrived
Everything seemed so normal
Like there was another day ahead
Everything was alright
But instead they came and stabbed your soul
Left me crying on the floor
I couldn't do much more
Uh oh ooh uh oh

(Chorus)

We were both so young
And now I know you as the living dead
Ohhhhh
Even when we were playing that mad game

I felt so uncomfortable
Like there was eyes watching my neck
I guess I just got lucky
I guess I wasn't meant to go that way
You went right in front of my eyes
Now I'm scarred for life
Replaying that image over and over in my head
I still can't believe you're dead
I'm too scared to live anymore
Uh ohhhhh

(Chorus) x1
