And in this time of confusion  
I'm feeling my way through the dark  
Keep asking the same questions  
Does anyone know the secret to my heart?

And is it all an illusion?  
The voices in my head  
I listened to the words of a poet  
What I really needed was an action man instead

What if we met in another place and time?  
No more dreaming  
Just want some peace of mind

And I made no judgment of you  
But I made a fool of myself  
Believing that feeling and intuition  
Was enough

And I hope you'll forgive me  
But I made no joke of you  
I underestimated the importance of being cool

What if we met in another place and time?  
No more dreaming  
Just want some peace of mind  
What if you are here with me now?  
Only blue sky not a cloud insight  
Insight  
Insight  
Insight

What if we met in another place and time?  
No more dreaming  
Just want some peace of mind  
What if you are here with me now?

Only blue sky not a cloud insight  
Insight  
Insight  
Insight

Gonna turn it around  
Upside down  
Gonna turn it around  
Upside down  
Gonna turn it around  
Upside down
