[Chorus x2]

Lettin loose it's the detonator setting off a time bomb  
Ring the alarm  
I'm coming through with the wickedness  
Inject the fluids of the sickest and watch as I kick this

[Verse 1]

I got a nation of millions to capture  
Lyrical disaster pass the Ganja  
Choppin shit like a bladerunner  
Huntin down my opponents like the predator  
Ready to start my search like the hunt for Red October  
31st  
Day of my birth had much pain as an adolescent  
Natural stigmata, much drama when Mom's was  
stressin  
They're on my trail like the bone collector  
Select the sense from my sixth  
Inject the fluid of the wickedness  
Fuck the world! Is my motto  
I just can't understand why they point the finger  
When they see me doing my thing  
Bitches swing when they see me pass on by  
In the GS4  
With the Cane plates bought from my last tour  
It's Amityville Horror on haters block  
For those that copycat my tactics trying to make it to  
the top  
Like in the shining when Jack Nicholson got possessed  
with the wickedness  
I'm true to kicking this

[Chorus x2]

[Verse 2]

Like Manson dismantling MC's who oppose a threat  
You really don't want to get into some shit that you'll  
regret  
Cause like Samuel I hold the whole place for  
negotiation  
Incarcerating anyone with the temptation trying to test

my faith  
Is it safe to come out and play now? Is he gone?  
Man I don't understand what kind of high this dude is  
trippin on  
Pure I-C-E with a twist of Vanilla thriller  
Captivating souls like the body snatchers  
It's return of the living Caucasians  
Of psychopathic mind grabbing Asiatic demonic  
fanatics  
Causing havoc bringing the pain  
Flaming up like in Backdraft  
Feel the wrath of the lyrical combustion  
Many aren't true to what they're busting  
(From the depths)  
I'm coming through like the Hell Raiser  
It's the end of days there's no escape from the  
detonator

[Chorus x4]
