Departure time 7.30
I'm packed and ready to go
First class ticket out of here
I think it's time to put it back in gear
No more stand by
I'm tryna steer clear, oh

Turbulence got me nervous
I shoulda never flown
Scared when you fly alone again
You know the atmosphere wasn't perfect
I'm thinking to myself, was it worth it?

Layovers almost over
I can see clear
No more stormy weather
Exit don't pull on the lever, lever,
This gon' be my final destination
No more sitting round having my time wasted

You say it's now or never
I pick never,
We can be together
So calm down
No more red eye late nights
Or one way no more connected flights
Well..

When we started I know this relationship was unhealthy
You broke the code
Never thought that you would stoop so low
You got me flying solo
Now you crying talking about you can't live without me
My heart is sold
Shoulda never ever left me this cold
You got me flying solo
solo solo
solo solo
solo solo
solo solo
You got me flying, You got me flying solo

solo solo
solo solo
solo solo
solo solo
You got me flying, You got me flying solo

Touching down 11.30
I'm rushing through the doors
I'm in a good place now
I can't find my baggage
And I don't even want it back
I don't wanna have it no more

I don't need to carry on
It's gonna weigh me down
You didn't think that I would find out
Whether or not
Who was wrong or right
I can't talk now
I gotta catch another flight

Layovers almost over
I can see clear
No more stormy weather
Exit don't pull on the lever, lever,
This gon' be my final destination
No more sitting round having my time wasted

You say it's now or never
I pick never,
We can be together
So calm down
No more red eye late nights
Or one way no more connected flights
Well..

When we started I know this relationship was unhealthy
You broke the code
Never thought that you would stoop so low
You got me flying solo
Now you crying talking about you can't live without me
My heart is sold
Shoulda never ever left me this cold
You got me flying solo
solo solo
solo solo
solo solo
solo solo
You got me flying, You got me flying solo
solo solo
solo solo

solo solo
solo solo
You got me flying, You got me flying solo

Thought I was scared
To fly without you here
Now you can't get under my skin
Like you did before,
Why
I was so reluctant to walk out on us
So now I'm taking back my life,
Goodbye
Yeah, yeah

When we started I know this relationship was unhealthy
You broke the code
Never thought that you would stoop so low
You got me flying solo
Now you crying talking about you can't live without me
My heart is sold
Shoulda never ever left me this cold
You got me flying solo
solo solo
solo solo
solo solo
solo solo
You got me flying, You got me flying solo
solo solo
solo solo
solo solo
solo solo
You got me flying, You got me flying solo
