I'm Walking alone
In the middle of the road
People are staring at me
They are talking about me
What is it with these people
talking about other people
No one is the same
Everyone is different in their own way

[Chorus]

People are staring
people are talking
Like it is, Like it is
The Rise of the Freak'z
I know im a freak
nobody has to remind me
I just wanna get away
Let me be alone

people are watching
Like it is, Like it is
The Rise of the Freak'z
I know im a freak
nobody has to remind me
I just wanna get away
Let me be alone

Talking, Screaming
Doesn't Really matter
cuz no one can hear me
I'll just be alone
In my own World
Where i can actually be A
...Somebody
someone who has the power
to stand up and be myself
wait...I'm already myself

[Chorus]

People are staring
people are talking
Like it is, Like it is
The Rise of the Freak'z
I know im a freak
nobody has to remind me
I just wanna get away
Let me be alone

people are watching
Like it is, Like it is
The Rise of the Freak'z
I know im a freak
nobody has to remind me
I just wanna get away
Let me be alone

leave me, leave me
but help me, help me
I also want you to
Love me, Love me
For who I am

[Chorus]2X

People are staring
people are talking
Like it is, Like it is
The Rise of the Freak'z
I know im a freak
nobody has to remind me
I just wanna get away
Let me be alone

people are watching
Like it is, Like it is
The Rise of the Freak'z
I know im a freak
nobody has to remind me
I just wanna get away
Let me be alone
