I I dream
Still have a dream (x??)

One day live in a nation where they will not be judged
by the color of their skin but by the content of their
character
I sill have a dream

I say to you today, my friends

we will be able to speed up that day when all of God's
children
Black men and white men
Jews and Gentiles
Protestants and Catholics
Will be able to join hands

I still have a dream

One day live in a nation where they will not be judged
by the color of their skin but by the content of their
character

I still have a dream (x?)
