all i want is to let this go  
cause this heavy heart has been putting me down for  
too long.  
all i want is to hear your voice,  
but no matter how i tell it to myself it still feels wrong.

and the city that i once called my home is the last place  
i should be,  
because every thing in this town reminds me your  
better off with out me.  
if you knew what i was running from,  
you'd be gone in a matter of weeks.  
cause a place like this is enough to drive me crazy.

all i want is to rest my bones,  
i've been running from state to state just so i'd leave  
you alone.  
all i want is to have a home,  
but i can't keep my heart where you are so i'll stay on  
the road.

i'm waking up now  
in this empty house  
and i'm doing my best to keep my calmness down to a  
minimum,  
but it's just so hard to bite my tongue.

i'm waking up now,  
and it's just so loud.  
'cause everyone here loves somebody else  
and somehow i always seem to get lef out.

and the city that i once called my home is the last place  
i should be,  
because everything in this town reminds me your  
better off without me.  
if you knew what i was running from,  
you'd be gone in a matter of weeks  
'cause a place like this is enough to drive me crazy.  
(i'm waking up now  
in this empty house  
and i'm doing my best to keep my calmness down to a

minimum,  
but it's just so hard to bite my tongue.)
