Wage nicht, mich zu berÃƒÂfÃ,Â¼hren! Dies ist der  
Garten des Nichts. Hier kannst Du niemanden  
tÃƒÂfÃ,Â¤uschen, niemand belÃƒÂfÃ,Â¼gen, dein  
Herz ist aus Glas im Garten des Nichts. Hier bist "Du"  
wertlos, nichts als Fleisch. Fleisch fÃƒÂfÃ,Â¼r die  
Bestie(n) im Garten des Nichts ....

Deine Schreie verhallen hier ungehÃƒÂfÃ,Â¶rt, und  
Deine Hoffnungen ... von eigener Hand,  
zerstÃƒÂfÃ,Â¶rt. Im Garten des Nichts ... "Ein  
geheimes Licht schlÃƒÂfÃ,Â¤ft in der Finsternis,  
ÃƒÂfÃ,Â¶ffne Deine Augen erkenne wer Du bist!  
Brenne und werde zu Licht!"

I close my eyes and breath the light within myself ...- it  
has been there all the time. How blind I had been, I  
couldn't see. I have searched the outside for the  
answer ...- it was me.

Steig' hinab in die HÃƒÂfÃ,Â¶lle, damit Du erkennst,  
woher Du kommst, damit Du erkennst, wohin Du  
gehÃƒÂfÃ,Â¶rst. FÃƒÂfÃ,Â¼hle den Schmerz,  
fÃƒÂfÃ,Â¼hle den HaÃƒÂfÃ,Â¶..., fÃƒÂfÃ,Â¼hle die  
Qual, die Einsamkeit. "Erhebe Dein bÃƒÂfÃ,Â¶ses  
Auge!" Du bist Dein bÃƒÂfÃ,Â¶ses Auge, und wohin du  
auch schaust, stets erblickst Du Dich selbst.

ÃƒÂfÃ,Â¢ffne Deine Augen!!! Nicht Fleisch bist Du,  
steige hinab n das Fleisch, doch nicht Fleisch bist Du!!!  
Nicht Dunkelheit bist Du, darum falle, falle hinab in die  
Dunkelheit ...- und trÃƒÂfÃ,Â¤ume! Aber hÃƒÂfÃ,Â¼te  
Dich vor dem Schlaf"!"

"Ein geheimes Licht schlÃƒÂfÃ,Â¤ft in der Finsternis,  
ÃƒÂfÃ,Â¶ffne Deine Augen, erkenne wer Du bist.  
Brenne und werde zu Licht! Reich' mir die Hand, denn  
wir sind das Band. Die BrÃƒÂfÃ,Â¼cke, der Bogen  
zwischen Unten und Oben. Brenne und werde zu Licht!"  
6. Time stands still ... (... but stops for no-one)

That little mountain rises while other dissolve into a

plain, time redefines itself and falls in sadness grain by grain ... "Time heals all the wounds", the two - tongued echoes seem to say, but nothing, nothing changes, still pain remains, won't pass away ... I went weal as I grew old, and time itself has made me slow, and as I close my eyes in sadness a thousand seasons come and go ... Mighty enough to cover all and also cruel enough to reveal, but the wounds and scars I carry neither force nor kiss can heal ... No, time heals nothing, nothing, nothing, spitefully turns away and laughs, leaves you half-broken and in defiance is only added another scar ... Call it "blind" how I am writhing, counting hours, centuries. The pain it glows and grows in tides, unable to vanish, unwilling to cease ... No time heals nothing, nothing, nothing, pushes 'till we're diving into different flesh. Time heals nothing, nothing, nothing in the coldness of the inner flames... time's fingers claw, I am losing hold, there is no hope for me on earth. Time either still or maybe rushing, in any case it will turn out worse ... Time is fleeting, time stands still, it stops for no-one and we're trapped withing. Though I may dream of the light, I am falling back to the left-hand side ... "How I wish that I was dead and rest in final peace, but even the luxury of death can't cure the wounds time cannot heal..."
