I'm on a mision
I'm headed for a big collision
I'm gonna take this plane
Right off the ground

I'm on a one-way street no turning back
And I can't lose what I don't have
I've always got this one foot in the grave

One step, too late
Just one more and
I could break
Ain't that bad

Can you save me now
I'm already gone
Can you save me now
I'm already lost
Can you save me now
I'm already gone

And if you won't help
Then don't complain
Can you save me now

My momma's not there,
She had a dream about me
That I would one day
Grow to be a good girl

One step, too late
Just one more and
I could break
Ain't that bad

Can you save me now
I'm already gone
Can you save me now
I'm already lost
Can you save me now
I'm already gone

And if you won't help
Then don't complain
Can you save me now

I'm shaking but
This street I'm
Frozen in

I am ready to
Be taken somewhere
So far from here

Can you save me now

Show me now

Can you save me now
I'm already gone
Can you save me now
I'm already lost
Can you save me now
I'm already gone

And if you won't help
Then don't complain
Can you save me now

Can you save me
I want you to save me
Now take my hand
And show me how

Don't you even dare
To make a move
You're not gonna
Be around

So I want you to
Come save me now

And if you won't help
Then don't complain
Can you save me now
